The Financial Aid Office must verify the original 2016 tax information before updating your FAFSA to your 2017 information. All documentation must be provided before your review request will be processed. If you have other extenuating circumstances we should consider, please contact our office for additional information. For new students to Mines, we can provide estimates of award changes with appropriate documentation. We will not make FAFSA changes until the student has committed to attending Mines. This is to prevent FAFSA complications for you and other institutions.

I certify that the information provided is true and that false or misleading information will be cause for repayment of financial aid funds received. Due to limited funding, approval of a Contribution Review does not guarantee that additional funds will be awarded.
