PRIVATE LOAN INFORMATION

- Private loans are credit-based loans offered by a lender other than the federal government. These are obtained by applying directly to the lender and completing their requirements.
- Students may be the primary borrower, but may need a creditworthy cosigner if they cannot pass the credit check.
- Interest rates and repayment terms are set by the lender.
- These loans are certified by the school to ensure they do not exceed the cost of attendance minus all other aid. You can find your cost of attendance on Trailhead > Financial Aid > View your Awards. Select the current year; look for your cost of attendance on your award overview.
- Once Financial Aid certifies your loan, it will show as accepted on Trailhead.
- The loan will pay after a mandatory 2-week hold on the funds and no sooner than 3 days before classes begin.
